

Wall Mounted Ironing Board

【PRODUCT NAME】

Wall Mounted Ironing Board

【SKU】

33. 35. 30100200

【PRODUCT DESCRIPTION】

This wall-mounted ironing board can be rotated 180° horizontally with double folding for easy storage. It is suitable for homes or hotel bedrooms with dedicated ironing rooms.

DESIGN CONCEPT

Limited space is the main reason why users avoid purchasing standard ironing boards. Most traditional ironing boards are X-shaped, consisting of steel pipes, brackets and boards. We need to unfold the ironing board when ironing clothes, and put it away after ironing. It can not be more annoying to iron clothes in a narrow space when children are playing around. Therefore, Venace designed this 180° wall mounted ironing board to solve this problem perfectly.

PRODUCT FEATURES

- :: Wall-mounted installation: thick white painted steels are used, which are not easy to damage, and safe with strong load-bearing capacity.
- :: Delicate white coating, which will not be exposed to rust in long-term use, so to ensure a safe and pleasing ironing.
- :: Double-layer foldable and 180 degrees rotatable design make it convenient to iron clothes and put the ironing board away.
- :: Removable flame retardant cotton cover: easy to clean.
- :: Suitable for homes and hotel bedrooms with ironing rooms.

PRODUCT SPECIFICATIONS

Type	Rotatable and foldable type	Product Size (mm)	L985 * W300 * H185 mm (unfolded)
Rotation Angle	180° horizontally	Net Weight (kg)	8.25
